Item 8.01 Other Events

On May 24, 2011, the Federal Energy Regulatory Commission (“FERC”) issued an order (RP11-1823-000) initiating an investigation pursuant to Natural Gas Act section 5 in respect to Tuscarora Gas Transmission Company (“Tuscarora”) to determine whether Tuscarora’s existing rates for jurisdictional services are unjust and unreasonable.

The FERC initiated this proceeding following a complaint filed by the Public Utilities Commission of Nevada and Sierra Pacific Power Company d/b/a NV Energy alleging that Tuscarora’s current rates may be unjust and unreasonable.

The FERC directed that a hearing be conducted pursuant to an accelerated timeline and that an initial decision be issued within 47 weeks of the designation of a presiding judge.

We are currently analyzing the matter and cannot predict the impact to Tuscarora at this time.

TC PipeLines, LP (the “Partnership”) owns 100 percent of Tuscarora, a Nevada general partnership.
