**Item 7.01**                    **Regulation FD Disclosure.**

On Friday, September 27, 2013, Great Lakes Gas Transmission Limited Partnership (Great Lakes) filed with the Federal Energy Regulatory Commission (FERC) a settlement with its customers to modify its transportation rates beginning on November 1, 2013. The settlement is expected to be approved by the FERC before the end of the year.

The settlement establishes maximum recourse transportation rates on the Great Lakes system. Commencing in November 2013, Great Lakes' rates will increase compared to current rates by approximately 21 percent. Management expects that this will result in a modest increase in the portion of Great Lakes' revenue derived from its recourse rate contracts. The settlement includes a moratorium on filing rate cases or challenging the settlement rates between November 1, 2013 and March 31, 2015 and requires that Great Lakes file to have new rates in effect no later than January 1, 2018.

TC PipeLines, LP (the "Partnership") owns a 46.45 per cent general partner interest in Great Lakes. The other 53.55 per cent partner interest in Great Lakes is owned by TransCanada Corporation ("TransCanada"). The general partner of the Partnership is TC PipeLines GP, Inc., a wholly-owned subsidiary of TransCanada.

The information disclosed in this Item 7.01 is being furnished and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities under that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act except as expressly set forth by specific reference in such filing.
