Item 8.01. Other Events

Yuma Lateral Project

At the time of TC PipeLines, LP's (the Partnership) acquisition of North Baja LLC, TransCanada Corporation (TransCanada) had begun an expansion project of the North Baja pipeline from the Mexico/Arizona border to Yuma , Arizona (Yuma Lateral Project). The Agreement for Purchase and Sale of Membership Interest dated July 1, 2009 (Acquisition Agreement) provided that the Partnership would purchase the expansion facilities and contracts for an additional sum up to \$10 million, if TransCanada completed the project by June 30, 2010.

The Yuma Lateral Project is nearing completion and is expected to go into service as soon as the final regulatory approval is received, which is imminent. On March 5, 2010, the Partnership entered into the Yuma Transfer Agreement with TransCanada to facilitate the transfer of the expansion facilities and contracts for approximately \$7.6 million. The Acquisition Agreement provides that an additional transfer and payment will be made should any other shippers contract for services on the Yuma Lateral Project before June 30, 2010.

Cautionary Statement Regarding Forward-Looking Information

This Form 8-K includes forward-looking statements regarding future events and the future financial performance of TC PipeLines, LP. Words such as "believes," "expects," "intends," "forecasts," "projects," and similar expressions identify forward-looking statements. All forward-looking statements are based on the Partnership's current beliefs as well as assumptions made by and information currently available to the Partnership. These statements reflect the Partnership's current views with respect to future events. The Partnership assumes no obligation to update any such forward-looking statements to reflect events or circumstances occurring after the date hereof. Important factors that could cause actual results to materially differ from the Partnership's current expectations include the positions taken by the FERC or other regulatory bodies with respect to the Yuma Lateral Project, risks inherent in new build pipeline projects, the Partnership's ability to identify and/or consummate accretive growth opportunities from TransCanada, operational decisions of the operator of our pipeline systems, the failure of the shipper to perform its contractual obligations with respect to its transportation commitment on the Yuma Lateral Project, and other risks inherent in the transportation of natural gas as discussed in the Partnership's filings with the Securities and Exchange Commission, including the Partnership's Annual Report on Form 10-K for the year ended December 31, 2009.
